

Small Business Loans for Home Health Care Services

VMS provides home health care service businesses with capital they need to grow.

Unlike traditional banks, VMS judges the health of a business based on cash flow – not just credit scores. Our in-depth understanding of small businesses enables you to get the loan you need to buy inventory, purchase a new piece of equipment or launch a marketing campaign to grow your business.

VMS has loaned over \$140,000,000 to more than thousands of small businesses nationwide. Contact us today and see how we can help your business.

About VMS Loans

- True business loans - not merchant cash advances
- Loans ranging from \$5,000 - \$150,000
- 6 – 18 month terms
- Fixed interest and fixed payments
- A decision in as fast as 2 business days, funding in as fast as 7 business days
- Daily direct debit payments rather than one large end of the payment

Common Uses

- Hiring additional staff
- Facility expansion
- Purchasing Inventory
- Renting, buying or leasing equipment
- Launching a new marketing campaign
